**3 January 2020**

Dear Parents / Guardians,

Happy new year and welcome back to school. A very warm welcome to our Sec 1 students; the 4-5 years ahead here in Zhenghua Secondary School will be an exciting one as they make new friends, learn new skills, and expand their horizons. To our Sec 2 – 5 students, I hope they have spent the Nov-Dec holiday meaningfully, and are ready to sail through the year ahead with renewed vigour and aspirations.

2019 was a significant year for us as we celebrated our 20<sup>th</sup> anniversary. We launched our Heritage and Neighbourhood Walls to showcase our school's 20 year history, as well as the history of Bukit Panjang. We even had the honour of having our President, Mdm Halimah Yacob, visit us on 17 April last year to see how we conduct inclusive education and to talk to our student peer supporters. We then celebrated as a school through our ZEST Carnival and Arts Festival on 6 July. Many of the visitors, parents, alumni and members of the public, enjoyed themselves at many of the booths and activities set up by our students. They were also enthralled by all the artistic performances put up by very own student performers in the evening. It was indeed an impressive school-wide effort in celebrating our 20 years as a school.

As we now enter the next decade, we will continue to work hard towards developing each and every student into a principled and future-ready leader. To be future-ready means that we will prepare our students to have the right skills and dispositions to overcome future challenges, but also to encourage them to create the future that they want for themselves. This is also a future where climate change is becoming the biggest challenge facing mankind. As a school, we will thus do our part to help save the Earth. As such, we will cut down on single-use plastics and Styrofoam containers, and increase our efforts in recycling. Students who wish to packet food from the canteen would have to bring their own containers. In line with this effort, we will also cut down on the use of paper in communicating with parents and guardians. We will use Parent Gateway as the main mode of informing you about school events and programmes. Consent forms will also start to be sent via Parent Gateway. I would like to thus encourage all parents and guardians to download and sign in to this app using your Singpass.

On the academic front, we will continue to put in effort to move away from an overemphasis on academic grades by making learning more engaging and authentic through the time freed up from doing away with mid-year examinations at Sec 1 and 3. We will also do away with common tests except for our Sec 4 and 5s. We are also one of the pilot schools for offering full subject-based banding. We had to thus revamp our timetable to accommodate this. The two biggest changes are the late start day for students on Mondays, and the duration of each period. Please refer to the next page for the details of this new timetable. Some classes will see breaks in their timetable, this is to allow our students to catch up on their work, time to meet their classmates for project work, or simply to take a mental break from the day's lessons. We encourage our students to make good use of this time.

Beyond the academics, teachers will continue to emphasise the importance of character and leadership development, while grounding them in our school values of respect, resilience, responsibility, integrity and compassion. We will also continue on our efforts in Positive Education to develop resilient students grounded in sound values, who lead life with a deep sense of purpose, and are inspired to contribute to the greater good of society.

In the spirit of continuous improvement and in response to feedback from our students, there are some changes and updates to our school rules. The school polo t-shirt can now be worn on any school day in view of the increasingly warm weather. The formal attire (shirt or blouse) should be worn when students represent the school at external events and competitions, as well as when receiving awards at ceremonies. We will also continue to educate our students to be responsible users of technology. While we will not totally ban the use of personal electronic devices such as smartphones in school, we will however confiscate them when they are misused. We may have to call down parents/guardians to retrieve these confiscated devices if a student repeatedly misuses such devices in school.

Works for the Senja-KJE flyover are continuing and are slated to complete in end 2021. Our new main gate is now ready. On rainy days, for parents who are dropping off your child/ward via private transport, please enter via the current main gate at Senja Road, and exit via the new gate at Bukit Panjang Ring Road. On dry days, please continue to drop your child/ward off at the drop-off point at the rear gate along Bukit Panjang Ring Road. I will update you on further changes to the road networks around our school as the works progress this year.

I am also happy to inform you that we now have a new synthetic soccer field. More PE lessons can now be held there, and our soccer boys can now train on a good level terrain even after heavy downpours. We also have a renovated parade square with a proper podium which would allow students to have a better view of announcements, teacher and student sharings, and prize presentations at morning assemblies.

Let me end this first letter of the year by encouraging all students to work hard, to work smart, to learn from your mistakes, and to live up to the school values. Make lots of friends, eat healthily, and take part in all school programmes and activities whole-heartedly. Know that the school will put in every effort to support you and to prepare you well for the future. Parents and guardians, do continue providing the best guidance and care for your child and take the time to understand your child's likes and dislikes, fears and aspirations, and what goes on in his or her school life. Do reinforce their good behaviours and set clear boundaries. The teachers and all of the staff members in Zhenghua look forward to working closely with you to shape our students' character and to help them succeed well in life. The Form Teachers will also contact you from time to time to provide updates on your child's progress. The names and email addresses of the 2020 Form Teachers and CCA teachers-in-charge are provided in the annexes and on our website for your reference.

Here's wishing one and all a very successful and fulfilling 2020 ahead!

Yours sincerely,

Mr Eugene Lin  
Principal

## 1. 2020 Timetable

With Subject-Based Banding (SBB) extended to all levels, and with the inclusion of Professional Development of staff every Monday morning, the timetable for 2020 has been changed to reflect these. The detailed timetable will be shared with your child/ward.

All CCAs and after school enrichment programmes should end by 6.30 pm. The school compound closes at 7 pm on weekdays. The General Office is closed on Saturdays and Sundays.

## 2. Attendance

We seek your support in the following matters related to school attendance. Absence from school as a result of illness must be supported by a valid medical certificate (MC). Absence due to other valid reasons e.g.: bereavement in the family, must be supported with a letter written by parents or legal guardian. The MC or letter is to be submitted promptly to the Form Teacher when the student returns to school. Students **have up to 5 working days** to produce these documents for valid absence, failing which the absence will be deemed as truancy and appropriate consequences will be meted out.

## 3. Updated School Rules for 2020

Please note the updated school rules regarding use of attire for 2020. Students may choose to wear the school polo t-shirt, which must be tucked in for both boys and girls, on all days of the week. As part of their PE attire, students are to wear Zhenghua black PE shorts, and not any other types of shorts.

## SAFETY AND HEALTH-RELATED MATTERS

11. All students are to enter the school compound only through the **rear gate along Bukit Panjang Ring Road** before 8.25 am on Mondays and 7.30 am from Tuesday to Friday. The table shows the rear gate opening hours.

Rear Gate Opening Hours

For enhanced security, students are to use the main gate to enter and exit the school compound after 4.00 pm.

For students who travel to school by car, parents may drop off your child at the rear gate along **Bukit Panjang Ring Road**. Please refrain from making illegal U-turns as this would pose a danger to other pedestrians and vehicles. Parents are discouraged from turning into the school to drop your child off except during heavy downpours.

12. If your child intends to cycle to school, please note that he / she will need to submit a Parent's Consent Form for cyclists to the General Office by **Term 1 Week 2**. All student cyclists need to comply with the regulations as stipulated by the Singapore Traffic Police on safe cycling attire and road traffic rules for cyclists. All students cycling to and from school will hence have to put on a helmet for their personal safety. For our students' safety and the safety of pedestrians, students are not allowed to use personal mobility devices such as e-scooters to travel to and from school.

13. There will be a temperature-taking exercise on **Thursday 16 January 2020**. Sec 1 students will be provided with a new Oral Digital Thermometer (ODT). All other students are to ensure that they have a functioning ODT with them during the exercise.
